## Tips to Avoid Pedestrian Accidents

- Rock-and-Roll before every turn to ensure your turning path is clear of *pedestrians*.
- While waiting at stop lights, scan the intersection for *pedestrians*.
- Expect the unexpected—when *pedestrians* are in the area be prepared, they may step into your bus path.
- *Pedestrians* are usually distracted—use your horn to get their attention.
- Avoid personal distractions while you are driving.
- Check your mirrors often to look for *passengers* who have just exited, or *passengers* who are chasing the bus to board.
