Driving in Fog Safely

- Slow down before you enter fog; don't assume it will thin out.
- Turn on your low-beam lights.
- Increase your following distance.
- Obey all fog related items.
- Listen for traffic you cannot see.
- Avoid passing other vehicles.
- Be alert for other vehicles that may not have their lights on.
- Use roadside reflectors as a guide of the curve of the road ahead.
- Watch for vehicles that may have pulled over to the side of the road.
